

The Light Sailors

BY COMPAGNIE DÉO

Further than you can imagine.

NOTE OF INTENT:

With this new creation, compagnie Déo invites the audience on a fantasy adventure exploring themes of light. Using juggling and object manipulation, The Light Sailor's take you on a magical journey where the everyday and supernatural, man and light, meet. Through a playful human appearance, these navigators of light offer a unique experience exploring the inexplicable phenomena that surrounds us and plays with our perception. Will the Light Sailors manage to connect with these two human beings?

Assembly time 3h,
disassembly approximately 2h

Dimensions needs for
the stage:

- 10m long and 10m wide
- 3m height required

Sound and Lights provided
by the company

SYNOPSIS:

Two roommates with their differences and qualities, will let themselves be taken and surprised by extraordinary experiences that exceed them. The light, omnipresent entity of this colocation, will be the junction between their daily lives and that of a strange parallel dimension where magical beings made of light navigate. During this epic, they will face playful light bulbs, capricious neons, a photon vacuum cleaner, LED clubs, a cosmic bike but above all how will they manage to help each other despite their differences?
